Correct Care Solutions (C.C.S) Medical staff took my crutches before I even had an x-ray to look at the problem with my knee to see the seriousness of my injury to see if it was even time to take me off crutches or not.. And causing me to further injured my right shoulder/~~arm~~ arm by hitting it against the wall when I was attempting to try and walk.. Metropolitan Government of Nashville and Davidson County for not providing^{an} adequate Medical care provider who don't have an adequate system for identifying inmates/pre-trial detainee with Medical needs and make sure that they are diagnosed and treated. Deficiencies in procedures which make unnecessary suffering inevitable.
